

LIZARD TALES

February 2025

After-School News

On March 13th, High Desert Leapin Lizards will be hosting best selling authors Trisha DiFazio and Allison Roeser in a parent education event titled "Check Yourself Before You Wreck Yourself". These well renowned authors, who have authored the books "Nurturing Your Child's Well Being" and "Social Emotional Learning Starts with Us" will be presenting a guide to help parents with stress management, by offering teaching parents how to maintain open communication and to provide support and motivation. Free childcare and dinner will be provided.

Also, please be on the lookout in late April for applications for next school year. Even if your child is in the program this year, all families must renew the application.

Attendance Requirements

Please remember, funding for our programs relies on the students' attendance. Students are required to attend for a minimum of one hour and fifty minutes. The main office is closely monitoring student's attendance including unexcused absences and excessive early releases. If you have any questions what an unexcused absence is please ask Ms. Amiah.

After-school Hours are until 6:00pm Early Release time is 4:05pm

LIZARD TALES

In February our students learned about inventions. Students were able to create and design their inventions to improve on an existing product. Students made pillows softer, and made noise makers. They learned about pendulums and how we can find some on our playground.

Summer Intersession
It's almost time to start planning for the summer. Our grant requirement is that we offer an intersession program when students are on break. This summer, we will be offering free care for twenty days. Days in locations will be announced later.
